Re: Letter Agreement License to Use PLASTICS's OPERATION CLEAN SWEEP® (OCS) Trademark and the OPERATION CLEAN SWEEP® Program Materials

Dear Amaro Reis,

Plastics Industry Association ("PLASTICS") and American Chemistry Council, Inc. ("ACC") are pleased that the APIP - Associação Portuguesa da Indústria de Plásticos ("Licensee") has pledged its commitment to implement the OPERATION CLEAN SWEEP® program ("Program") in Portugal ("Jurisdiction"). This pledge demonstrates Licensee's concern for the environment and its commitment to strive towards zero pellet loss. In that regard, we are happy Licensee would like to spread the word about the value of the Program and raise awareness by referencing the OPERATION CLEAN SWEEP® program trademark ("Program Trademark") in Licensee's materials. This letter ("Agreement") sets forth the agreement of PLASTICS, ACC, and Licensee (each referred to herein as a "Party" and collectively as "Parties") with regard to Licensee's implementation of the Program.

In consideration of the foregoing and other good and valuable consideration, the Parties hereby agree as follows:

1. This Agreement shall commence on 27.09.2019 ("Effective Date") and remain in effect for three (3) years unless earlier terminated as described herein. This term shall be automatically extended for successive (1) year terms unless a Party gives written notice one hundred and eighty (180) days before expiration of any term. PLASTICS and ACC may terminate this Agreement immediately for any reason, with or without cause, upon one hundred and eighty (180) days notice to Licensee.
2. PLASTICS hereby grants to Licensee a limited, non-exclusive, royalty-free, non-transferable, irrevocable license ("PLASTICS License") to use the Program Trademark in the Jurisdiction, subject to the requirements described herein. The Program Trademark must be used in its exact form and must be followed by the "®" symbol (i.e., OPERATION CLEAN SWEEP®). The Program Trademark may be used on Licensee's website, advertising and marketing materials, signs, publications, forms, shipping materials, presentations, and other materials in connection with implementation of the Program. The Program Trademark shall not be used on or in connection with any product or service provided or offered

Sincerely,

For Plastics Industry Association: *Patty Long*
